

Surveying and 3D Scanning Solutions

Combining speed, precision, innovation and professionalism to provide some of the most respected surveying solutions in Australia.

About Intrax

Intrax Land is an innovative engineering and surveying practice that delivers outstanding projects in the built environment and across the industry.

We offer a full range of engineering and surveying services that together bring valuable contributions to both our clients and communities.

We operate nationwide with 11 offices and over 450 consultants, engineers, surveyors and designers.

Established in 2003 with a strong set of values, our encouragement for independent thinking and accountability shapes a unique collaborative culture where the best ideas flourish.

This is evident in all we do. Our teams strive to exceed clients' expectations from beginning to practical completion of any project.

Surveying

Harnessing the power of modern technology to bring you reliable surveying solutions

Informed Choices, Supported by Reliable Surveying

Project decisions must be based on profound levels of knowledge and understanding. To support this, we provide a full and thorough surveying service, combining analytic expertise and state of the art modelling techniques.

Experience Enhanced by Technology

In a highly technical field, agility and technological savvy are required. Our teams have years of industry experience to draw upon, but remain on the leading edge of the market in terms of methods, means and technology used. Clients can rely upon us to precisely map and geolocate assets onsite, and to provide full service surveying solutions to your project.

Utmost Precision in a Remarkable Time Frame

Our full service, end-to-end focus means that our clients can depend on Intrax as we deliver a complete and precise package in incredible time frames. A combination of speed, precision, innovation and professionalism has led to us becoming known as one of the most respected surveying solutions providers in Australia.
