

Medium Density Housing

Inspiring Medium Density Builders to confidently build more innovative and affordable homes for Australian families.

Townhouse Projects

True end-to-end solutions

Intrax is a one stop shop for all services required in the process of sales and construction of townhouse projects.

Each project has its own constraints, opportunities, economic drivers, and areas of consideration. Working with these, we can derive the ideal means of reaching and surpassing client objectives by applying resourcefulness, and innovative thinking

- **Land Surveys (Subdivisions & Feature Surveys)**
- **Geotechnical investigations**
- **Drainage (Onsite detention & WSUD services, Pump)**
- **Structural Engineering**
- **Energy Rating**

Land Development

Solutions with Strategic Value

Comprehensive land development services can only be based upon insight and understanding. This is why we work closely with our clients in order to recognise exactly what they want to accomplish.

Intrax provides a complete end-to-end service offering, which ensures that all of your engineering needs are satisfied, as well as a wide range of other considerations.

- **Surveying (Feature Survey, Subdivisions, Asset Recording)**
- **Geotechnical Engineering**
- **Civil Engineering (Road, Drain, Sewer, Earth Works)**
- **Structural Engineering**
- **Energy Rating**

Custom Housing

Challenging Conventional Thinking

Intrax specialises in working with clients to fully realise their vision for each home and consistently innovate to improve competitiveness. Intrax achieves this by providing a true end-to-end, one stop shop for all services required in the process of sales and construction of a dwelling.

- **Property Services Information (PSI)**
- **Geotechnical Site Classification**
- **Structural Engineering**
- **Slab Design**
- **Energy Rating**
- **Drainage Design (Onsite detention & WSUD Services, Pump)**
- **Forensic Investigations / Dilapidation Reports**
